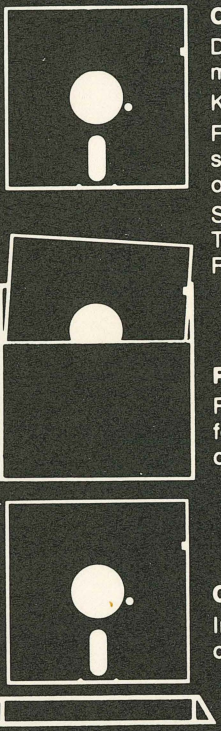
RECOMMENDED HANDLING INFORMATION



CARTRIDGE

Do not touch exposed areas of magnetic disc (white areas on diagram).

Keep cartridge from magnetic fields.

For best performance, cartridge should be stored within the system operating environment.

Storage environment range:
Temperature 50°F to 125°F.
Relative Humidity 8% to 80%.

PROTECTIVE ENVELOPE

Return cartridge to envelope after use for protection from warpage and contamination.

CARTRIDGE USAGE

Insert cartridge with label toward operator, bottom first.

No.
